Work History

UNIVERSITY OF
SOUTH CAROLINA
Darla Moore School of Business

Jr. Web Developer | May 2017 -18
@ Darla Moore School of Business

I helped develop new sections of the business school website from wireframe to reprogramming the CMS and reworking the PHP files for users to sign up for programs in the Dept. of Executive Development. I also designed several print publications and programmed an "IT" help button system, which allowed teachers to call for tech support with a button in the classroom.

Web Assistant | Aug 2016 -17
@ School of Journalism and Mass Comm.

Before being promoted to the Business school, I was the assistant to the webmaster for School of Journalism. I helped with creating digital creative assists like web banners and developed a new RSS feed with news posts for the site from students and teachers.

Office Manager| Jan 2014-16
@ Columbia Auto & Collison

My duties included working with customers and insurance companies, securing contracts with dealers, creating invoices, weekly schedules and payroll. I also managed the Facebook page, created videos and promotional material.
